A1 Instructions

Game 1

(a) Screen 1

You will now be paired with a random partner.

Both of you will need to **press a button** without being able to communicate with each other.

Depending on what each of you chooses, you will receive different (hypothetical) rewards.

(b) Screen 2

These are the possible outcomes:

If you press **red** and she/he presses **red**, you both win 0.50 euros each.

If you press **red** and she/he presses **yellow**, you both win 0 euros each.

If you press **yellow** and she/he presses **red**, you both win 0 euros each.

If you press **yellow** and she/he presses **yellow**, you both win 1 euro each.

Which button do you press?

Yellow

Red

(c) Screen 3

Why did you choose the previous button?

Because I liked the colour

Because I earned more

Because I earned less

I chose one randomly

Figure A1: Screenshots of Game 1

Game 2

(a) Screen 4

Now you're going to play again with another person, other buttons, and other prizes.

Again, you have to choose a button without knowing what the other does.

(b) Screen 5

These are the possible outcomes:

If you press **white** and she/he presses **white**, you both win 1 euro each.

If you press **white** and she/he presses **blue**, you will win 0.50 euros and they will win 0 euros.

If you press **blue** and she/he presses **blue**, you both win 1 euro each.

If you press **blue** and she/he presses **white**, you will win 0 euros and they will win 0.50 euros.

Which button do you press?

Blue

White

(c) Screen 6

Why did you choose the previous button?

I chose one randomly

Because it was more risky

Because I liked the colour

Because it was less risky

Figure A2: Screenshots of Game 2

The ToM task consists of 10 images of a child's eyes expressing different emotions, each accompanied by four possible answers, one of which best represents the depicted emotion. Figures A3 and A4 illustrate the items of the this task. Correct answers are shown in bold. The order of the items was randomized.

Q1	
	A. Tired B. Scheming C. Angry D. Guilty
Q2	
	A. Happy B. Surprised C. Admiring D. Scheming
Q3	
	A. Embarrassed B. Confused C. Scared D. Tired
Q4	
	A. Angry B. Scared C. Sad D. Worried
Q5	
	A. Flirting B. Excited C. Confused D. Thoughtful

Figure A3: ToM (Theory of Mind): Questions 1–5

Q6

- A. **Excited** B. Happy
C. Hopeful D. Flirting

Q7

- A. **Scared** B. Disgusted
C. Angry D. Sad

Q8

- A. **Disgusted** B. Scared
C. Bored D. Angry

Q9

- A. **Thoughtful** B. Surprised
C. Happy D. Disapproving

Q10

- A. **Scheming** B. Hopeful
C. Thoughtful D. Excited

Figure A4: ToM (Theory of Mind): Questions 6–10

The items used in the CRT task are shown in Figure A5. Reflective and intuitive answers are shown in parentheses. The order of the items was randomized.

Q1. Emilia's father has three daughters. The first two are named April and May. What is the name of the third daughter?

(**Reflective:** Emilia; Intuitive: June)

Q2. If you are running a race and you overtake the person in second place, what position are you in? Indicate with a number. For example: 1 (first), 2 (second), etc.

(**Reflective:** 2; Intuitive: 1)

Q3. In a library, the number of books doubles every month. If it takes 48 months for the library to become full, how many months would it take for it to be half full? Indicate with a number.

(**Reflective:** 47; Intuitive: 24)
